

# Federal Contract Opportunities Update

Notices for April 8-14, 2024

This update contains summaries of procurement notices issued between April 8-14, 2024 that pertain to hazardous waste, investigation and cleanup of environmental contamination, and related environmental topics. However, it does not necessarily contain EVERY notice on these topics.

If you would like to search for additional current and archived notices, or receive notification of solicitation amendments, please visit the [FedBizOpps web site](#).

## **F -- ARCHITECT-ENGINEERING (A-E) SERVICES FOR REMEDIAL ACTION AT MIDNITE MINE SUPERFUND SITE, SEATTLE DISTRICT (NWS), U.S. ARMY CORPS OF ENGINEERS (USACE) (SRCSGT)**

**SOL:** W912DW24R0ZO2-1

**DUE:** April 26, 2024

**NAICS:** 541330. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The U.S. Army Corps of Engineers, Seattle District, seeks to gain knowledge of the interest, capabilities, and qualifications of interested AE firms who are capable of providing support for a remedial action at the Midnite Mine Superfund Site in eastern Washington State within the boundaries of the Spokane Indian Reservation. The remedial action involves the cleanup of contaminated mine waste (including consolidation of above-grade mine waste into two existing pits), impacted sediments in creeks and drainages, and groundwater associated with the former mine. The Site includes an inactive open-pit uranium mine and areas and media impacted by mine-related contamination. The most notable features present at the inactive mine today include haul roads, waste rock piles, protore piles, two open pits, backfilled pits, a seep collection system, a pollution control pond (PCP), mine buildings, and a water treatment plant. Contaminants at the site include radionuclides and heavy metals mobilized because of mining activities and environmental processes, such as acid rock drainage, radioactive decay, and particulate transport. Approximately 350 acres were disturbed by mining operations. The Environmental Protection Agency (EPA) is the lead agency for the remediation of the Site and is responsible for approving all plans and reports related to implementing the RA. THREE-PAGE CAPABILITY STATEMENTS ARE DUE BY 1:00 PM PDT ON APRIL 26, 2024.

## **S -- FIRING RANGE CLEANING SERVICES GRAND FORKS AIR FORCE BASE, NORTH DAKOTA (SRCSGT)**

**SOL:** FA465924QM008

**DUE:** April 29, 2024

**NAICS:** 562112. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The 319th Contracting Squadron is seeking capabilities packages from potential sources that can provide lead abatement services at the Grand Forks AFB Combat Arms Range in North Dakota. Specifically, work will include: visual inspecting bullet trap components for wear or damage; ensuring the 21-point target retrieval system is eliminated of lead and lead dust residue; conducting HEPA vacuuming and lead abatement of all floors, walls, and tables; disposing of contaminated waste; and providing documentation from a third party EPA-certified Lead Inspector or EPA Risk Assessor to confirm that the cleaning levels required for all surfaces were met. CAPABILITY STATEMENTS ARE DUE BY 4:00 PM CDT ON APRIL 29, 2024.

**CATM RANGE CLEANING (SRCSGT)**

**SOL:** FA940124QZ005

**DUE:** May 6, 2024

**NAICS:** 562910. THIS IS A SOURCES SOUGHT NOTICE FOR MARKETING RESEARCH PURPOSES ONLY. The 377 Weapons System Security Squadron seeks to identify qualified contractors interested in providing services to clean, collect, profile, manifest, transport, and dispose of ammunition waste and soil impacted with ammunition waste from the Combat Arms Range at Building #708 at Kirtland AFB in New Mexico. Work will include monthly vacuuming; quarterly replacement of filters on the Range Filtration System; and the emptying and collection for disposal of the ammunition fragment collection containers on a semiannual basis. The period of performance for this anticipated requirement shall consist of a base year and four option years. CAPABILITY STATEMENTS ARE DUE BY 4:00 PM MDT ON MAY 6, 2024.
